

Now Even Better!

EagleCam

Raven

Custom Built End-Zone Camera System
for the limited budget program

Over 16 years ago **U.S. Sports Video** introduced the first end zone camera systems to the coaching world. Built with safety, stability and ease of operation in mind, the **EagleCam** family is the uncompromising "**Proven Leader**" in the industry.

Now, due to popular demand to meet the lower budget program, our manual end zone camera system has been extensively revamped and given the name **Raven**.

Raven's features include:

- Ground Operated Manual Control System
- Portable Elevated Camera System
- Portable Universal Tripod Base Section
- Telescoping Camera Tower Mast
- Compact Digital Mini-DV Camera
- Manual Pan-Tilt Control Mechanism
- Adjustable Speed Remote Zoom
- Camera Remote Focus Control
- 5.6-inch Color LCD Action Monitor
- Complete Battery Power Operation
- Camera Carry Case Included

New base features include:

- Adjustable "*Posi-Lock*" Control Handle
- Four Large **Delrin** Bearings for Smooth Panning
- Unitized Control Harness
- Optically Enhanced Glare Shield
- Leg Footprint now 8-feet for Stability

**All in a
Complete,
Portable,
Package.**
