end zone camera systems | The Eagle Cam Family

“Defining an Industry”
U.S. Sports Video is the innovator, designer, and developer of the original end zone camera system, EagleCam, in 1990.

SkyHawk

Premier End Zone Camera System
“Never miss a game because of weather.” The SkyHawk end zone camera system is designed and built to be reliable and safe in all weather conditions; wind-tested.

SkyHawk Exclusive Features
- Remote Operation - Operates from up to 3000’ away, from press box, field house, concession stand
- Custom Built - stable and safe modular tower unit Life Time Warranty, ten-foot wide footprint
- Direct capture to Mini DV, DVD, or Laptop

“SkyHawk is the best long-term investment we’ve made. For over 10 years we’ve never had to rent a scissor-lift - it has paid for itself. Easy to set up, we use it for games, scrimmages and practice. Our video crew operates our SkyHawk from a safe, warm, remote indoor location.”
-Rick Chamberlain - Head Football Coach, University of Dayton “Flyers”

RAVEN

Exclusive Raven Features
- Four thrust bearing surfaces for smooth operation
- Telescoping camera tower mast
- Camera remote control on handle
- Color LCD action monitor with optical glare shield
- Adjustable “Posi-Lock” control handle
- Strong and stable base system
- Aluminum Channel Legs with over 9’ Spread

“We use our Raven in our fieldhouse and it’s been great. With over 6 years of trouble-free service, it’s built solid, and easy to use. Gives us great end-zone shots.”
-Brian Marin - Video Coord., University of Oklahoma

FALCON

Superb Remote Control Wall Mount System
- Compatible with the SkyHawk
- Mount on any wall for that “birds eye view”
- Remote control operation from up to 3000’, from anywhere in the facility

Introducing The SideWinder
Another First From US Sports Video

Giving You A New Perspective On How You Look At Coaching

“The best one-on-one training tool I have seen in 50 years of coaching.”
- Dan Rudakovich - Pittsburgh Steelers “Steel Curtain” D-Line 71-74, O-Line 74-77 / Rams 79 / Robert Morris University

• Grab and Go - anytime, anywhere on the field
• Perfectly balanced for ease of operation
• Digital camera with quick release platform
• Telescoping mast, goes up in seconds
• Hi-Quality Monitor and remote controller
• Heavy duty battery system
• Carrying case for all components

Use for all QB Drills, Dropbacks, Pass Protection, Blitz pick-up, 7-on-7, Inside Run Drills, Kicking/Holders, Chute Drills, Defensive End Pass Rush Any Coachable Skill

“After seeing the new perspective I had captured with the SideWinder, our coaches immediately realized its value and now they all want to use it for everything. We even added a new staff person just to use the SideWinder.”
Brent Thomas - Video Coordinator, Auburn University

“Our coaches love it - we never go on the field without it. It provides the perfect height and viewing angle for all practice situations. We use the system for all QB drills, O-line drills, field goals, special teams, and just about everything else.”
Joe Harrington - Video Coordinator, University of Tennessee

“It is the best piece of video equipment that I have seen and used in the last 20 years. I would recommend it to every coach.”
Stan Parrish - Head Football Coach, Ball State University

D. J. Welde
Ball State
Video Coordinator
